Persons of contact: Jens Christian Rørmann Olsen; JCROL@kefm.dk

3. High Level Round Table

Advanced thinkers and practitioners in their field bringing inspiration and acting as community ambassadors for the New European Bauhaus.

Name	Job title
Mr Bjarke Ingels	Architect and founder of design consultancy Bjarke Ingels Group (BIG)

4. NEB in Denmark

4.1 NEB projects funded by the EU

Lighthouse demonstrators

The six lighthouses will implement the New European Bauhaus principles of sustainability, aesthetics and inclusiveness on the ground in 13 countries. They will transform neighbourhoods in cities, look into rural development and link projects from different countries. Press release: https://ec.europa.eu/commission/presscorner/detail/en/IP_22_2780.

Name of the projects	Description
DESIRE (Designing the Irresistible Circular Society)	The project wants to tackle the major challenges faced by societies and cities: climate change, biodiversity loss and resource challenges. Based on three main themes of inclusivity, circularity and reconciling cities with nature, the project will use art, architecture, and design to explore alternative ways of transforming territories across different European cities (DK, NL, SI, IT, LV).
EHHUR (EYES HEARTS HANDS Urban Revolution)	The project supports cities and vulnerable residents in transforming their built environment. Spread across seven different locations in the EU and Associated Countries (DK, EL, BE, PT, TR, HR, IT), it will seek to tackle socio-economic and cultural challenges such as social segregation, energy poverty, and degradation of depopulated historical centres.

New European Bauhaus Calls

Projects supported by dedicated NEB Calls

Name of the project	Description	Type of NEB Call	Link
---------------------	-------------	------------------	------

Denmark - The municipality of Albertslund Vridsløse (a former prison complex) – a new sustainable neighbourhood in the heart of Albertslund, taking the past into the future	The project aims at transforming Vridsløse – a former prison complex in the heart of Albertslund - into a new liveable and green neighbourhood, where the future residents of the area as well as the rest of Albertslund feel a sense of belonging.	Call “ Support to New European Bauhaus Local Initiatives ” (technical assistance to small and medium-sized municipalities)	/

4.2 NEB Prizes

To accelerate the green transition, contribute to the recovery and to ensure a better living together for all, we have to capitalise on the existing wealth of knowledge, experience and capacities as much as to call for new visions, new ideas and new solutions. The Prizes bring together those excellent examples and new ideas that could inspire the New European Bauhaus. The NEB Champions rewards existing completed examples and the NEB Rising Stars rewards concepts or ideas submitted by young talents aged 30 or less.

4.3 NEB Lab

The NEB Lab is a co-creation space at the service of the New European Bauhaus community, for the delivery of beautiful, sustainable, and inclusive projects to improve our daily lives. The Lab is where the New European Bauhaus is implemented in concrete and tangible projects. It is about what we can achieve when we work together in a spirit of openness and trust. It focuses on connecting people, learning from each other and tapping into everyone's experience.

Website: https://new-european-bauhaus.europa.eu/about/neb-lab_en

NEB Lab projects with participating entities from Denmark:

Name of the project	NEB Partners coordinating	Excerpt	Link
Nordic carbon neutral Bauhaus	Aalto University (Partner); Swedish National Board of Housing, Building and Planning (Partner); New European Bauhaus National Contact Points; Ministry of the Environment, Finland; Ministry of Education and Culture, Finland; Ministry of Infrastructure, Iceland; Danish Housing and Planning Authority ; Swedish National Board of Housing, Building and Planning; Ministry of Local Government and Regional Development, Norway; Nordic Council of Ministers .	This community-led NEB Lab project is an open forum for the discussion of how architecture, design and art can help in achieving a carbon neutral and inclusive way of building and living. Through the project we aim at unleashing the transformative power of creativity that can help imagining what built environment, cities and citizens of the future will be. We will approach complex questions of development of living spaces that are sustainable and at the same time inclusive and beautiful for us as human beings.	Project fiche
