TIPS & TRICKS

- Use the [NEB Compass](#) to better understand NEB values and principles.
- As the NEB Compass states, not all NEB values are equally addressed across activities, and that is ok. Don't try to invent things just for the sake of the application.
- Quality of the proposal criteria is evaluated by assessing the alignment with one of the pillars, description of the event with proposed activities/programme and how you plan to engage with your target groups.
- If you have specific requests or information does not fall under any of the questions in the application, use “Additional Information” question (in the section “Event content and links to NEB”) to describe it.
- If in doubt or you have questions, write to us (EC-New-European-Bauhaus@ec.europa.eu) and we will do our best to help you.
