EIT Community Booster

Acceleration of NEB start-ups & scale-ups

Michał Gorzynski/ Giuseppe Oppedisano

EIT/ EIT Digital

Scope

- The European Institute of Innovation and Technology (EIT) and five of its Knowledge & Innovation Communities (KICs) have launched the **EIT Community Booster**, a joint initiative to support innovative ventures and teams enabling the New European Bauhaus (NEB) transformation
- EIT Community Booster targets the most innovative start-ups and scale-ups driving sustainable change for cities, industries, climate, food, wellbeing and overall quality of life to support their business growth and help them become international gamechangers
- The 20 best companies will benefit with a total support services package collectively worth 1 million Euro

Scope

- Five support programmes for different thematic areas from EIT Knowledge & Innovation Communities
- €50 000 for every start-up supported - support ranges from grants to business support services

Programmes include the following services:

- ✓ Tailored access to finance
- ✓ Training, coaching, mentoring,
- ✓ Communications/ visibility support
- ✓ Access to the EIT Community network
- ✓ Tailored market support (reaching new customers)
- ✓ Access to facilities such as labs, pilot sites, test beds

A graphic consisting of three concentric yellow circles of increasing size, with the text 'Target audience' centered in the middle circle.
